POWERLAB

 Grazie al suo concetto innovativo POWERLAB offre un'integrazione sicura del tester di manutenzione e diagnostica della carica e migliora l'efficienza quando si lavora sul veicolo. Non sono più necessari i carrelli che in precedenza sostenevano le attrezzature dell'officina e che potevano danneggiare accidentalmente i veicoli. Un LED di sicurezza passiva si accende e si spegne automaticamente quando il Powerlab viene spostato.

 Thanks to its innovative concept POWERLAB offers safe integration of the charge maintenance and diagnostic tester and improves efficiency when working on the vehicle. Previously required carts supporting the workshop equipment, which could accidentally damage the vehicles, are no longer necessary. A passive safety LED light switches on and off automatically when the Powerlab is moved.

 Grâce à son concept innovant POWERLAB permet d'intégrer en toute sécurité le testeur d'entretien et de diagnostic de charge et améliore l'efficacité du travail sur le véhicule. Les chariots supportant l'équipement de l'atelier, qui risquaient d'endommager accidentellement les véhicules, ne sont plus nécessaires. Une lumière LED de sécurité passive s'allume et s'éteint automatiquement lorsque le Powerlab est déplacé.

 Dank seines innovativen Konzepts bietet POWERLAB eine sichere Integration der Ladeerhaltung und des Diagnosetesters und verbessert die Effizienz bei Arbeiten am Fahrzeug. Bisher erforderliche Wägen zur Bereitstellung von Werkstattausrüstung, die versehentlich die Fahrzeuge beschädigen könnten, entfallen. Ein passives Sicherheits-LED-Licht schaltet sich automatisch ein und aus, wenn das Powerlab bewegt wird.

 Gracias a su innovador concepto POWERLAB ofrece una integración segura del comprobador de mantenimiento y diagnóstico de carga y mejora la eficiencia al trabajar en el vehículo. Ya no son necesarios los carros que antes soportaban el equipo del taller y que podían dañar accidentalmente los vehículos. Una luz LED de seguridad pasiva se enciende y apaga automáticamente cuando se mueve el Powerlab.

P-LAB-400V

 Pacchetto aggiuntivo per aggiungere la presa elettrica a 400V 16A - 5 PINS per alimentazione trifase.

 Additional package to add a 400V 16A - 5 PINS electrical socket for a three-phase supply.

 Ensemble additionnel pour ajouter une prise électrique 400V 16A - 5 PINS pour une alimentation triphasée.

 Zusatzpaket zum Hinzufügen einer 400V 16A - 5 PINS Steckdose für dreiphasige Versorgung.

 Paquete adicional para añadir una toma eléctrica de 400V 16A - 5 PINS para alimentación trifásica.

P-LAB-400V	-	-	16A - 5 PIN	-

P-LAB-PNEU

 Pacchetto pneumatico per aggiungere due predisposizioni per attacchi rapidi da 1/2" sotto alla POWERLAB

 Pneumatic package for adding two threads 1/2"F underneath the POWERLAB suitable for quick couplings.

 Ensemble pneumatique pour l'ajout de deux filetages 1/2 "F sous le POWERLAB, adapté pour les raccords rapides.

 Pneumatikpaket mit zwei Gewinden 1/2" F unterhalb des POWERLAB, geeignet für Schnellkupplungen.

 Paquete neumático para añadir dos roscas 1/2 "F debajo del POWERLAB adecuado para acoplamientos rápidos.

CODE	230V	TYPE	400V	AIR
P-LAB-PNEU	-	-	-	2 X 1/2" F

P-LAB-DATA

Pacchetto aggiuntivo avere 2 prese LAN RJ45 e una HDMI disponibili sul fronte della POWERLAB

Additional package having 2 LAN RJ45 sockets and one HDMI available on the front of the POWERLAB

Paquet supplémentaire comprenant 2 prises LAN RJ45 et une HDMI disponible sur la face frontale du POWERLAB

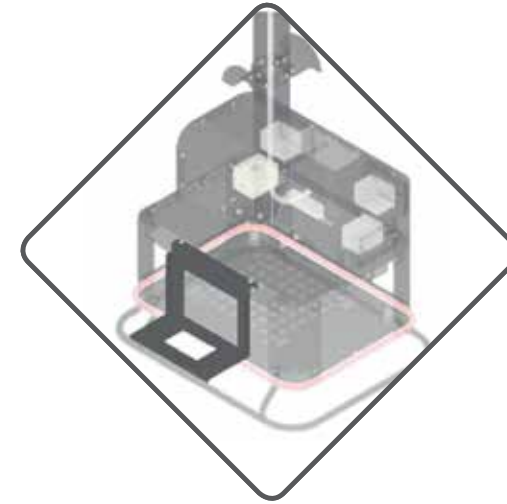

Zusatzpaket mit 2 LAN RJ45-Düsen und einer HDMI an der Vorderseite des POWERLAB

Paquete adicional con 2 tomas LAN RJ45 y una HDMI disponibles en la parte frontal del POWERLAB
